## 1. Reasons for Allowance:

- Clear statement of Reasons for Allowance
- Indicate how claims distinguish over the closest prior art
- Claim groups of differing scope having a separate RFA

Comments:

## 2. Search Areas and Tools:

- US Classified Search
- US Patents Text Search - EAST/WEST and/or STN USPATFULL
- Foreign Patent Documents - WEST/Derwent WPI and/or Epoque II
- NPL Search - PTO NPL, Dialog, STN, etc.
- Internet Sites - (optional)

Comments:

## 3. Search Query:

- Text Search - Strategy to search concepts/key words
- Separate strategies for each search area (US, Foreign, NPL)
- Recordation of Search in file wrapper with annotation

Comments:

none provide  
Search not  
attached

## 4. Reference Citations:

- Best art in each category (US, Foreign, NPL) listed on 892 or 1449
- Clear indication of why the reference was cited

Comments:

at least claims 6 & 11  
are directed to Price & Demand  
theory. Price changes relative  
to Demand & Availability.

## 5. Other Problems:

- Sensitive Application Warning system issues
- Broad claims

Comments:

Also, I get the feeling that  
this is similar to Mercata/Mobstop.
